

- **The next milestone and the target date**
 - **M3 (3/5 - 3/14):** Add log-in, sign-up, and log-out
- **Action items or the milestones that were completed since the previous meetup**
 - **M1 (2/6 - 2/15):** Setting up Github and Flask App
 - It took me a while but I finished setting up another Svelte and Flask website
 - The old website had a weird bug where it would display the Svelte component twice

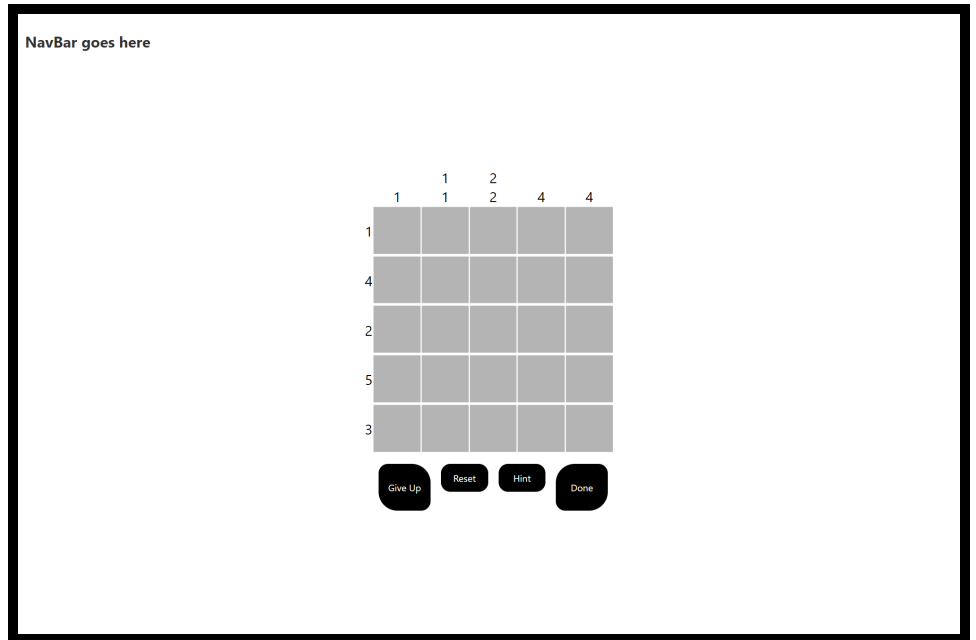

- **M2 (2/20 - 2/29):** Build 5x5 tiles and generate patterns
