- **1 point deduction for missing the following basic information:**
  - Your Full Name: Minh Anh Ton
  - Project Title: Tile Flip
  - Course: CS 161 Section 01
  - Date: 5/5/2024
- **Summarize the final status of your project**
  - **Summary:**
    - All features are implemented and tested by at least 5 people. The majority of bugs are fixed.
  - **Mention any features of the project that cannot be finished before the target completion date (May 5th)**
    - N/A
- **Deployed links**
  - Main link: https://www.tileflip-monogram.com/
  - Heroku: https://tile-flip-monogram-4b24b968e494.herokuapp.com/
- **Helps, feedback, or suggestions from your colleagues for either individual or team projects. How and what did they help? Do their suggestions become part of your projects?**
  - Farehaa and Logan: They help me find bugs like:
    - Page refresh not found error when refreshing non-homepage (Fixed)
    - The first time you click the change Username button it just gives an 'undefined' message (Fixed)
  - Discord friends: Helped me find bugs and suggested "quality of life" features
    - Reported Bugs:
      - Toggle on your solution doesn't reset (Fixed)
      - Can spam check after finishing the puzzle (Fixed)
      - Give up automatically shows the solution but the solution is wrong (happens sometimes but is quite rare)
    - Extra features:
      - Add give-ups score to the leaderboard (implemented)
      - Cap leaderboard at top 20 (implemented)
      - Update tutorial to include an example 4 x 4 (implemented)
- **Mention any valuable enhancements of your product that cannot be implemented this semester. What are the values or benefits of these enhancements?**
  - I didn't host my database on another domain so when I reset my website and make changes to it the database resets.
